

Saturday,
Nov. 18, 2017
7 a.m. – 11 a.m.

Rotary Club of Canton
Semi-Annual

Health Screen & Wellness Fair!

Mercy Hall Auditorium, 1320 Mercy Drive NW, Canton, Ohio 44708

Basic Panel of Tests*: \$40

Basic Panel of screenings (CBC, CMP, lipid profile and Thyroid (TSH)) gives over 30 different results.

Testing for: cholesterol • anemia • kidney/liver function

OPTIONAL TESTS	
A1C HEMOGLOBIN	\$15
PSA	\$15
VITAMIN D 25-Hydroxy	\$48

All testing will be provided by **Mercy Medical Center Laboratory Services**. To register in advance for these screenings, call the Canton Rotary at **330-452-2882** (Monday, Tuesday & Thursday between 8am – 4pm). To conveniently register online, visit cantonrotary.org. Canton Rotary accepts cash, check and credit card (VISA and MASTERCARD).

Mercy Medical Center will also provide:

- FREE Additional Health Screenings
- Give-a-ways
- Educational Materials

Walk-in appointments are also welcome.

MERCY
MEDICAL CENTER

A Ministry of the Sisters of Charity Health System

* A 12-hour fast is recommended for more accurate results.

WHY GET TESTED?

Basic Panel of Tests (\$40.00)

- **CBC** – To determine your general health status; to screen for, diagnose, or monitor any one of a variety of diseases and conditions that affect blood cells, such as anemia, infection, inflammation, bleeding disorder or cancer.
- **CMP** – To give your health care provider important information about the current status of your kidneys and liver as well as electrolyte and acid/base balance and levels of blood glucose and blood proteins; to monitor known conditions, such as hypertension, and to monitor the use of medications to check for any kidney- or liver-related side effects (A 12-hr fast is recommended for most accurate results.)
- **Lipid Profile** (Includes: Total Cholesterol, Triglycerides, HDL, LDL) – To assess your risk of developing cardiovascular disease (CVD); to monitor treatment; to assess the risk of developing heart disease.

Screening: for adults, every five years; for youths, once between the ages of 9 and 11 and again between ages 17 and 21 (A 12-hr fast is recommended for most accurate results.)

- **Thyroid** – To screen for and help diagnose thyroid disorders; to monitor treatment of hypothyroidism and hyperthyroidism.

Optional Tests:

- **A1C Hemoglobin (\$15.00)** – To monitor a person's diabetes and to aid in treatment decisions; to diagnose diabetes; to help identify those at an increased risk of developing diabetes.
- **PSA (\$15.00)** – To screen men for prostate cancer (although there is currently no consensus about using this test to screen asymptomatic men for prostate cancer), to help determine the necessity for a biopsy of the prostate, to monitor the effectiveness of treatment for prostate cancer, and to detect recurrence of prostate cancer.
- **Vitamin D 25-Hydroxy (\$48.00)** – To determine if you have a vitamin D deficiency; if you are receiving vitamin D supplementation, to determine if it is adequate.

Can't make the Canton Rotary Health & Wellness Screening event? No problem! Mercy Medical Center offers very low-cost blood screenings to the community at our off-sites. For a complete listing of dates, times and locations, visit:
